

We are reminding you to register for the Carbohydrate Bioengineering Meeting 14

Dear all,

We are reminding you to register for the Carbohydrate Bioengineering Meeting 14 (<https://www.nmbu.no/en/events/cbm14>) to be held at Norefjell (<https://norefjellskiogspa.no>) near Oslo, Norway.

The first lecture of the meeting will be on Sunday, Sep 25, at 16.00 presented by Steve Withers. We will be setting up busses from Gardermoen airport to the conference venue. For certain, there will be buses leaving 13.00. Other time points for departure by bus will depend on when most participants arrive. Please send us email if you arrive later than 13.00. The bus ride takes less than two hours.

The meeting will be closed after Birte Svensson presentation on Wednesday, Sep 28th at 12 (lunch at 12.30) and buses to Gardermoen airport will leave at 14.00. Other time points for departure by bus will depend on when most participants leave. Please send us email if you leave before 14.00.

Your bus tickets are included in the registration fee.

You can register by following this link (<https://www.nmbu.no/en/events/cbm14/attend>) where you also can submit your abstract for either oral or poster presentations. Registration deadline is 15th of August. There will also be sessions with flash presentations.

Main program outline can be downloaded on (<https://www.nmbu.no/en/events/cbm14/oslo-2022>).

Invited speakers and the title of their talks can be found on (<https://www.nmbu.no/en/events/cbm14/speakers>).

Norefjell is an idyllic mountainous area where the winter Olympics were held in 1952. Transport, hotel, and food are included in the conference fee. Here, we will have the hotel to ourselves ensuring plenty of opportunities to meet fellow carbohydrate engineers.

On behalf of the organizing committee

Morten Sørli
